## Race Meeting Timetable

As you will probably be aware, the number of drivers in recent meetings has been high. This is great for the club and it's members, but does mean that we need to stick to the following schedule where possible:-

1. Prepare track until 6.45
2. Open track for practice and book in at 6.45 till 7.15  
(NO ENTRIES WILL BE ACCEPTED AFTER 7.15)
3. Close track and sort out heats 7.15 till 7.25
4. Heat listing printed and displayed 7.25
5. Start first round of qualifying 7.30
6. Finish qualifying at 8.45 and arrange finals
7. Final listing printed and displayed at 8.55
8. Start finals at 9.00 till 9.40
9. Pack track away and clear up
10. Leave hall by 10pm LATEST

The committee has agreed that we would not limit membership, HOWEVER, we would limit class numbers on race night to allow a maximum of 7 heats, as follows:

Tamiya Mini	30 drivers, 10 per heat, 3 heats
Touring Cars	21 drivers, 7 per heat, 3 heats
Tamiya TT-01	10 drivers, 10 per heat, 1 heat

Drivers can secure their entry each week by **booking and paying online**. We have extended the online booking cut-off to 2pm on the race day in recognition that some drivers do not know until the day whether they can make it. If you only **book and do not pay**, your entry will not count. Race entry on the night will be on a first come basis.

Thanks for your co-operation in this matter

The Committee  
Tuesday 8<sup>th</sup> March 2011
